

# APPLE CIDER VINEGAR, herbified

**NEW**

## APPLE CIDER VINEGAR WELLNESS SHOTS

What happens when you combine apple cider vinegar with detoxifying, digestive, and antioxidant herbs? If you ask us, we'll say: some pretty serious magic. Meet Flora's new Apple Cider Vinegar Wellness Shots. Thoughtfully brewed in small batches, these daily wellness shots blend the highest quality, US-made apple cider vinegar with the cleansing herbs of our classic detox formula, Flor-Essence®. Select botanicals like turmeric, ginger, elderberry, and red beet enhance this drink for an extra health and flavor kick. The result is the perfect combination of refreshment and revitalization or—as we like to say—magic.
